Oxford County Fair!

Big Rain Storm Caused Postponement
Put Over Two Days—Opened Thursday
Morning—Will Finish Saturday Night
Eighty-second Exhibit
LARGEST FIRST DAY ATTENDANCE

The weather man relented Thursday and pushed away the clouds. Old Sol appeared in his usual good form bright and early so the crowd gathered for the opening performance. There was a general outpouring with the gates men on the jump. Before noon it is estimated 5,000 people had assembled. This is the largest first day attendance recorded by the Oxford County Agricultural Society.

To avoid congestion, traffic officers directed automobiles down past the horse stalls to the lower grounds, once a part of the Dr. Bedard place, acquired a few years ago by the society. Many cars were parked in the space within the trotting circle and residents outside across the street cared for many not entering the grounds.

Ticket sellers and ticket takers were Harry Kimball, Urshel Gammon, Merritt Welch, Eugene Lowell, Edwin Richardson, Robert Dennison, Thomas Klegg, Sam Davis, Bert Ryerson, Fred Davis, and Arthur Clark. Traffic was directed by John Wright, Frank LaFrance and E. L. Shortridge. A sound of special officers on duty in charge of sheriff W. O. Frothingham and his deputies were Horace Kimball, Ernest Hutchins and Alonzo Hall.

Perley F. Ripley, superintendent of the horse department, and his assistant, Ernest Nason, had been on the job all the week and attended to the wants of horsemen. President L. E. McIntire, also superintendent of the grounds, with Frank E. Decester, managed to place all vendors and showmen who applied for midway space.

The greatest addition to make the show attractive was the new automobile exhibition hall, 10x40 feet, just inside the grounds, near the main entrance. Crowds visited the display with and seemed much pleased with this convenience.

Everything was in place in the regular exhibition hall, where Supt. Charles W. Bowker takes pride in making this show one of the best in the state.

Of course the cattle department was all right with W. E. Penley, A. W. Weston and A. G. Hayes in charge. The location showed little effects of the floods which swept through many stalls and turned the place into a marsh. Proper drainage and warm sunshine erased the traces of the severe storm.

Herbert H. Hosmer of Norway was marshal on the track near the judges' stand and called out the racing fads during the afternoon.

Altogether the large crowd and activities about the grounds resembled a last day exhibition and not the opening program.

Eating House Squares
This time honored spot proved a haven to the multitude seeking a regulation dinner served as in days of old.

The dining hall next the exhibition hall was run by the Ladies' Social Union of the South Paris Universalist Church with Mrs. Charles Gutter in charge. Many assisted her and splendid dinners were served.

Another old friend which commenced serving dinners forty-six years ago was the Norway Congregational Dining Hall, where Mrs. Nettie Nevers presided with a large corps of assistants.

Twitcheil's House, the one that made real oyster steps famous many years ago, was carried on this week by Mrs. Elmer Twitcheil and Al Twitcheil of Oxford. Thirty-eight years ago Lincoln Twitcheil commenced serving the public near the spot and never failed to meet his old patrons every fair time. After he passed on, his son and grandson continued the business and extended its service. Mr. and Mrs. Jesse P. Edwards are assisting, with Mrs. Edwards in charge of the dining room. Fifteen and more are employed during rush hours.

The Lovejoy Eating House is remarkably smart in its thirty-fourth year. Business opened late last week on the three-day plan to accommodate people connected with the mid-way and trotting horses. Mr. and Mrs. A. J. Lovejoy are in charge, with about sixteen workers assisting on the job about the place. The Lovejoys are well known at other fairs where they carry on several good paying propositions.

Everybody knows Bill Twitcheil of Oxford. He has followed Oxford County fairs so many years, the first time here is a happy memory. After a long partnership with his father and brother, he went out alone to seek his fortune and has a thriving business in a booth labelled with bold letters, "Bill Twitcheil's Dining Room." Mrs. Twitcheil is bus cooking in the dining room, with about fifteen assistants. A regular meat and vegetable menu is served three times a day with stew on call.

This year two eating places have passed into history. One building is a check room, the other a jazz hall. Coats and umbrellas may be checked by Frank Durdum, by Marion Wheeler of South Paris. Dancing has succeeded eating where Ray Dunham of South Paris conducts a frolic to the music of well known jazz orchestras. Meal on the floors has given the right polish and the young people may glide away the time.

Vaudeville Program
Four good acts on the stage opposite the large grand stand, furnished by the B. F. Keith Vaudeville Co., were a clever group sure to entertain the Mansfield brothers and Frankie. Acrobatics were a prelude to a fancy rifle shooting stunts of unusual merit.

Daly and Lola offered a comedian and a straight in several good contortion stunts and games of tumbling.

Scrooge and Martin, aerial perch artists, displayed strength and skill on the swinging pole.

Burley and Burley, comedy acrobats, passed out a strong line of contortion

novelties in a manner to "get it across" for laughs. The boys are a limber duo with good make-ups and well timed stunts.

HALL ATTRACTIONS

As We Saw Them

Entering the hall by the main entrance one is confronted with the big center display of the Paris Manufacturing Co. have a display of their larger articles, including desks, tables, and the like. Perhaps there is a little feeling of disappointment that this is not occupied as usual by the Portland Evening Express and Sunday Telegram, for a rest room as this has been their custom for several years and one misses the familiar face of Mr. Simms who has always been in charge. However, everybody is interested in the display of the articles made right in South Paris. In the Upper Hall, there is another display of the smaller articles, stoves, ironing boards, children's furniture and the like.

R. P. Skeetop occupied his usual space for the display of sweet grass baskets, fern stands, hanging pots, bows and arrows. Dowling of Providence, R. I., the home of jewelry, showed a large display of fancy jewelry, including pins with your name engraved on them.

The sides of the lower hall are given over to the display of vegetables, and included are two mammoth squashes, that are a surprise, owing to the general complaint of the late season. Lewis E. Knightley, North Norway, of the Boys' Club shows an excellent collection of everything grown in the garden, potatoes, pumpkins, squash, beets, carrots, cauliflower, turnip, cabbage, corn, peppers, green and ripe tomatoes, and beans and peas in variety in bottles.

Mrs. W. H. Kilgore, Norway Lake, displays a general collection of vegetables and flowers, and her daughter, Doris Kilgore, shows her handiwork in cooking, with an excellent variety of foods.

Corn's Ice Cream supplied the many waiting things.

The Mount Zion Co. from Rumford occupied a corner for the display of the many electrical appliances. The Hotpoint stove, the electrically cooled refrigerator, the washing machine, and the small appliances attractively arranged with vases of flowers.

The Farm Forestry Department issued by the State Department is showing the work of the White Pine Blister Beetle and any information wanted on this question can be found at this booth.

The Maine Automobile Association occupies a booth for the distribution of their leaflets that tell what a good thing it is to be safe and to have a A. A. A. Kenneth C. Gurney and Clarence H. Downing are showing a new article on the market, the Solid Iodine Pocket Pen, an excellent thing for emergency, in case of scratches or cuts, as it can be carried in the pocket or wallet and is always ready for use. This article was on sale, also.

Mrs. W. E. Rice of Norway had an attractive display of jewelry, necklaces and novelties, occupying the booth near the side door where she has been found for several years.

The Ladies of the Norway Universalist Church are at their usual place, serving the public with lunches. Sandwiches, pie, doughnuts, and hot coffee at all hours.

Mrs. Charles W. Bowker and Mrs. Howard Shaw are at their customary place furnishing lunches. Their lobster sandwich roll is a special attraction.

Butts Hardware Store of South Paris shows the Duro system machines.

L. M. Longley & Son have a double booth near the side door with a complete bath room outfit, and the other side with a washing machine, refrigerator, electric stove, oil heater, etc. Little Miss Charlotte Longley was on hand passing leaflets advertising certain articles.

Charles D. Moses, Forest Ave., Portland, occupies a large booth filled with fancy articles and novelties in wide variety.

Miss Harriet Knight and Frank H. Beck of Norway have fine displays of cut flowers. Miss Knight has a wonderful variety of dahlias, ranunculus, phlox, star flowers, and gladioli are beautiful. Mr. Beck has a great variety and quantity of gladioli, which he has been collecting for several years. His dahlias and asters are also attractive.

In the Upper Hall the fancy work department is one of the big attractions. There is everything in embroidery, crocheting and tatting, large and small articles, a detailed account being found in the premium list. Mrs. Eva Jackson, Norway, showed her handiwork in basket making with three smaller and one large basket made from pine needles, which she brought from Florida. Miss Ruth Miller showed two studies in flowers in oil, fashion designing in crayon, and posters and above designs Mrs. A. D. Park showed several oil paintings in flower designs and a landscape. Miss Freida King, a panel painted in oil. Then there were quilts and rugs galore.

In the children's department were many garments and articles made by the small misses at their elders. Francis Wiles, 10 years of age, displayed several articles he has whittled which are a credit, and show he has much talent in this direction. The pencil and crayon drawings by the children in the grades are also very creditable.

Henry Chillian of Norway has a fine display of his handiwork in wood carving which includes a fireplace panel, motto board mantle, wood box doors, King Tut Chest, carved and inlaid with gold leaf, and an Alaskan Totem pole. The images carved on a telephone pole that stands many feet high. Then there are smaller pieces, including a link chain, and images.

DRAWING CATTLE

Increased Interest in the Pulling

At least one thousand enthusiasts swarmed about the ring Thursday afternoon and watched a good program. Classes were not overrunning with entries, but competition was keen and good pulling was the result. Weston Stanley and C. R. Wilson figured strongly with an attractive line of pulling material. The hard rain made the pulling course just right for the event, with excellent footing for the cattle. Arthur Buck was marshal around the place and kept the ed fazed to the grand stand where a good sized crowd watched proceedings.

Just Like City Water Service

No matter where you live, you can now have running water under pressure in your home.

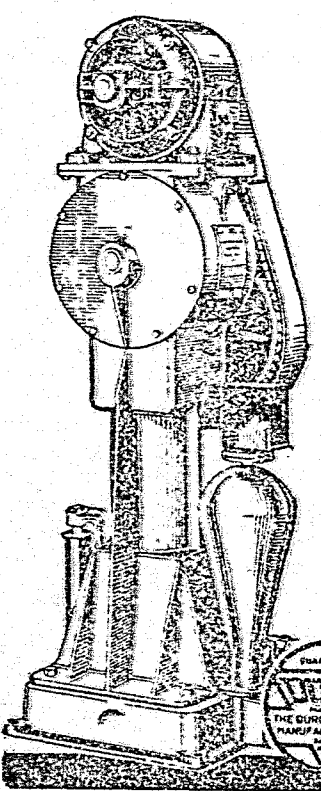

Modern plumbing, including bathroom with hot and cold water, lavatory, shower, toilet, and faucets in many convenient places—think what this means to the suburban or farm home.

With the present standards of living these conveniences are a necessity. They make for comfort, health, sanitation and labor-saving. They were formerly to be had only in the city, but now,

DURO Water Systems

"Just Like City Water Service"

will give you all the advantages of city water service. Duro Systems are built in many sizes and styles. They meet the needs of a bungalow or a country club. They are driven either by electric motor or gasoline engine.

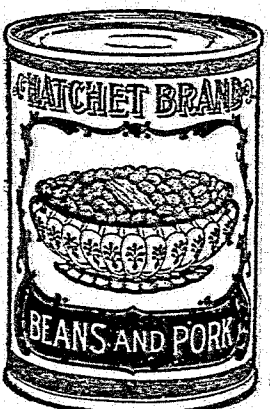

A Duro system is worth all it costs for fire protection alone. It is easily installed in old or new homes—taking water from deep or shallow well, cistern or spring.

Ask us to point out the many reasons why Duro costs less but is worth more than any other water system you can buy.

Chautauqua Meeting

A special meeting of the Norway-South Paris Association brought together a number of guarantors and others at the Norway Congregational Church, Sunday afternoon.

E. N. Swett, president of the Association, presided during the informal discussion which resulted in a vote passed to access the guarantors and retire a deficit of approximately \$275, accumulating during the past few years prior to 1924. The amount plus a small tax for a fund will be apportioned among about sixty guarantors. Voted for President E. N. Swett, Secretary P. F. Stone and Treasurer A. E. Forbes to have charge of making the assessment.

An incomplete report of the treasurer showed the profits from the last Chautauqua will meet the bills for this year.

The question of loaning tickets to others than members of the immediate families was left to the discretion of the ticket holders. An expression was made the effect that the privilege had been abused in some cases, but with a little judgment in doing a good turn, this feature might be avoided in the future.

The past year or so the first one hundred tickets sold have not counted for the local Association. Under the new contract the local Association will receive that income, which should amount to \$125, and more. This will cut down the additional guarantee asked for next.

Pledges for season tickets are coming in and over 500 have been engaged if the tickets were announced. The contract and a number signed by guarantors. Those not present may find the paper at the E. N. Swett Shoe Co.

enjoyable day for all. A delicious din-
ner was served consisting of sandwiches,
cakes, doughnuts, cookies, pies, four kinds
of ice cream and hot coffee. Several

Impressive Services
Sunday, August 31 witnessed an un-
usual sight at East Stoneham Congrega-
tional church. The church lawn was filled
with automobiles from North Waterford,
North Lovell, East Stoneham and Al-
bany. More than 100 people were gathered
together to listen to what proved to be
a powerful gospel message from the
lips and heart of Rev. Wilson of Spring-
field, Mass., who has summered here
more than twenty years. His text was
"He looked for a city that hath founda-
tions."

At 3 p. m. a large company gathered on
the shore of the lake to witness the bap-
tism of three of the twelve candidates.

The pastor, Rev. Jason F. Thurston was
assisted by Rev. Mr. Wilson and the serv-
ice was a most impressive one, perfect
order and quiet being maintained through-
out the service.

The C. Endeavor was at 6:30 and thirty
of the young people gathered for that
service. The leader was Elizabeth Sam-
uels of North Waterford, a student at
Denise University and a daughter of
Dene and Mrs. Chas. Saunders. One
took the Active Membership pledge at
that service.

The 7:30 service opened with song, the
remaining nine candidates, mostly young
men, received the rite of baptism which
was administered by the pastor, following
the service of baptism, the twelve candi-
dates were voted to full membership by
the rising vote of the church and given
the right hand of fellowship by the
pastor. Then followed greetings and an
inspiring message from Rev. Wilson. This
closed a day of happy service. The
membership of the East Stoneham church
was increased more than 30 per cent.

The Rev. Eleanor A. Mason of Worces-
ter was detained by death of a friend
and did not reach North Waterford for
service until Tuesday evening. In spite
of the severe storm twenty gathered in
the East Stoneham church to hear her
first message on Prayer. On Wednes-
day evening more than sixty were pres-
ent.

Mrs. Geo. Kimball entertained the Club
at supper Friday evening, August 29, on
her lawn. A good number were present.
After supper the pastor led the young
folks in an hour of games. The pleasant
evening closed with songs, Mrs. Win-
field Brown, organist, presiding at the
piano.

FRUIT TREATMENT IS WONDERFUL

Constipation and Indigestion

Yield to "Fruit-a-lives"

From all over this section, comes
word of the success of the Fruit
Treatment in overcoming stubborn,
chronic diseases that ordinary
remedies cannot help.

Mr. Bryon Tatchell of Stockton,
N. Y. says: "For several years I
suffered with chronic indigestion,
Constipation and Rheumatism. I
tried many medicines; none gave
much relief. Seeing the notices
about the Fruit Treatment I gave
"Fruit-a-lives" a trial. From the
very first, I noticed an improve-
ment and today the Rheumatism and
Indigestion are almost gone. The
action on the bowels of your wonder-
ful fruit medicine is natural."

"Fruit-a-lives" are the intensified
juices of apples, oranges, prunes and
figs, combined with tonics. 25c and

Jordan Reunion
"A Jordan Reunion" held at the home of Mr. and Mrs. E. L. Durand of Casco on Labor Day was presided over by Mrs. E. J. Durand and Mrs. Ralph West. There were 32 guests, of whom were of the fourth generation. A picnic lunch was held on the lawn and a good time was enjoyed by all. Those present were, Mr. and Mrs. Ralph West and sons, Fred and Leslie, of Portland, Mrs. Annie Boyken and daughters, Elizabeth, Eleanor and Hester of Portland, Mr. and Mrs. Leslie Jordan and children, June and Keith of Portland, Mr. and Mrs. Frank Jordan and son, Philip, of Casco, Mr. and Mrs. Melville Jordan of Harrison, Mr. and Mrs. Robert Jordan of Casco, Mr. and Mrs. Frank Harmon and daughter, Helen, of Westbrook, Mrs. Mildred Cole and daughters, Marion and Phyllis, of Palmyra, Mr. and Mrs. E. J. Durand of Casco, Mr. Fred Newcomb of Naples and Mrs. Hannah Jordan, the guest of honor.

Among the spry old people of this state is Mrs. Hannah E. Jordan of Harrison, who is 86 years of age. She is able to be about at all times and travels a great deal in the summer among her many children and grandchildren. She does not use a cane and gets around easier than many young folks. She has had 11 children, 8 of whom are living. Last winter she made two Log Cabin quilts which she sewed entirely by hand besides doing a great deal of knitting for the relatives and neighbors. This was all done without the aid of glasses, which is one of the pioneers of Maine who helped bring up a large family by exceedingly hard work. Her husband, Elias Jordan of Casco, died 25 years ago. Mrs. Jordan is widely known in this section and is loved and respected by all who know her.

George L. Curtis

After an illness of a few months, Mr. George L. Curtis passed away at his home in Casco Village, Sept. 4, 1924. He was born in South Gorham 78 years ago, the son of John L. and Maria Waters Curtis. He was also the grandson of Capt. John Curtis, who followed the sea for many years. He was married, when quite young, to Miss Louise I. Pitts of Gorham, formerly of Hollis, who passed away eighteen years ago. A few years after their marriage they moved to Casco where Mr. Curtis purchased a home, he being at that time a young man of years. Later he opened his blacksmith shop where he worked hard at his anvil for 36 years. He then went on the road as stage driver, summer and winter, for eight years, where he made many friends, always being kind, accommodating, social and pleasant to meet. He was one of the best of neighbors and will be greatly missed in that capacity but most of all in his home.

He leaves two sons, Louville Curtis of Poland, and Frank Curtis of Casco, with whom he made his home, also two daughters, Mrs. Hawley Aiken of Springfield, Mass., and Mrs. Butler of Casco, one brother, Calvin Curtis, of Colorado, and one sister, Mrs. Clara S. Storrs, of Braintree, Mass., six grandchildren and one great-grandchild, Alfred George Hanson.

Funeral services took place at his home on Friday afternoon at 2 o'clock, Rev. Irving Kemp of Casco, a neighbor and friend of the family, officiating. Undertakers, Hall & Son of Casco. Bearers, Charles Edwards, Milton Hancock, Wilson Baker and Robert Jordan. Burial in Lakeside Cemetery, Casco.

At the Grange meeting, Saturday evening, special attention was called to the meeting of the National Grange at Atlantic City, N. J., from Nov. 12 to 21. Russell D. Baker, Principal of Casco High School, returned from Massachusetts where he has spent the summer, and began his school work, Monday, Sept. 8, with Miss Catherine Rogers of Freeport as assistant. The attendance at High School is very large.

Mrs. J. H. Aiken of Springfield, Mass., Mr. and Mrs. Louville Curtis and George Fisher of Poland, Mr. and Mrs. A. H. Smith, Mr. and Mrs. Sumner Smith and Jason Little of Otisfield and Mr. and Mrs. Geo. P. Carsley of Harrison were in attendance at the funeral services of George L. Curtis.

A rare treat is in store for Casco, Monday evening, Sept. 15, at 8 o'clock. Charles Harris, whose voice has been heard often from Peabody, and Mrs. Beulah Young, also a singer, a talented reader from New York City and a pianist, who is an artist worth hearing. A baked bean supper will follow the musical entertainment. A free social will follow with games for the young people. Half the proceeds from the musical and the receipts for the supper will go to wards shingling the Grange Hall.

Mr. and Mrs. C. D. Carpenter, Frank Voelken and Miss Ruth Fielding of New York City are guests at the home of Mr. and Mrs. Willard Jordan.

The service was very impressive followed by singing by W. W. Kilgore. There were large quantities of flowers, a silent tribute to the esteem in which he was held.

Harry Bailey of Lisbon was called home last week by the death of his father.

FAIR PICK-UPS

Here, There and Everywhere

Robert York of Norway operated a high striker and assisted his son James, with the concessions. Jim York has built up a good business the past eighteen years and carried over four stands during the fair. He just closed a summer engagement with a carnival company. C. F. Griffin of Lewiston placed decorations on the Societies' buildings and made a colorful display. The attractive decorations of bunting and flags in the hall was his work. He has been in charge of the job several years. Richard Porter Skeet of West Scarborough, the Passamaquoddy Indian, sold baskets as usual in the hall. Damp weather brought on rheumatism but he kept smiling and talked up his wares. He is one of the old timers, coming to the fair here before the Exhibition hall was erected. Years before that time he served his tribe at Eastport as chief but he drifted away into new fields. The ex-chief and his family make all the baskets and one young son in the public school can beat anything in New England at weaving according to his father. One of the boys here before the Exhibition hall was erected, Henry carried on a booth at the grounds where baskets were captured with a bow and arrow game. Palm reading in seven different languages is a big accomplishment but a gipsy maiden on the midway advertised that stunt. A University chair is waiting for the dusky palmist to be put to rest within the two facets. Think of it all for a quarter of a dollar. Chas. W. Bowker, South Paris, agent for the Good Roads Machinery Co. had an interesting exhibit of implements for road making. The usual space across the track where the plate was placed where the display attracted attention. Several machines of this make are used on dirt roads in Norway, Paris and adjoining towns. Henry Downes, a familiar figure at fairs, acted as porter. With a whisk brush he coaxed many times into his pockets, but not into the dust so low, business was not at top notch. Ray Dunham managed a dancing pavilion at one of the booths in Eating House Square. A checking system was used for each dance. Music was furnished by Gus Lottrop's Orchestra of Lewiston. At Melrose farm near Rumford, Shaw's Syncepaters of South Paris, and Norton's of Bridgton. Many years ago this stunt was tried on a platform built for the purpose, and was not a success. Of course that was before the jazz mania. The official rain gauge reading from 7 a. m. until noon, Wednesday, said 1.4 inches fell. It is said 3 inches fell during the day. Over 400 head of cattle were housed in that department. All sheds were filled to overflowing and space under the small stand housed a large herd. The largest exhibition in this department for many years is the report. The track suffered little from the heavy rain. Perfect drainage carried away the water to the credit of its builder, who put the course in shape something over one year ago. Edwin C. Thompson handled the score cards for the races. His nimble assistants were Donald Everett, Norman Goodwin, Dwight Kilgore, Roger Gates, Hosea Curtis, Horace Brown and James Fair. Fair night dance was held Tuesday evening at Association Hall, South Paris, about ninety couples braved the storm and enjoyed the sport. Presents donated by South Paris merchants were given away, the most excitement centered around the drawing of the best looking bobbed hair girl. Out of town judges decided that delicate question. Shaw's Orchestra, eight pieces, furnished excellent music. Carnival was postponed to Friday night.

CATTLE DEPARTMENT

Greater Interest and Exhibits

Increasing interest was shown by a grand display in this department. Grades and pure bloods featured in all herds groomed for exhibition and competition. Thrift and enterprise were suggested by signs giving farm name, location and owner's address. The cattle were plainly tagged, this not only attracted attention to the particular animal, but spread useful information. "Mose" Young of Canton and L. M. Mosher of Farmington arrived early to judge the stock. Rain prevented much work until Thursday. Dairy breeds were conspicuous at every turn, with Eddie Veeman owned by Joseph Robinson of Oxford, the leading individual. L. E. McIntire's bull that was a prize winner at Brockton last year was among the outstanding features. Arthur D. Cummings of Oxford exhibited the famous Holsteins from Sunnyside Farm. This herd carried home many ribbons from the State fair where competition was keen, and captured a long list of premiums at Oxford County show. Jerseys of pure breeds were shown in the herds of G. R. King, Neal Lovejoy, W. B. Decoster, all of Paris, and W. H. White of Norway. Frank Plummer of Paris and Lome Pine Farm, Norway, exhibited a good line of grades. The Morey Farm, Poland, led in Guernseys with some prize winners from the State fair. Others showing fine herds of the breed were L. B. Card and C. W. Leighton, both of Paris. George Young of Norway and F. W. McAllister of Paris also had some good grades. W. S. Upton, Norway, and Plummer & Decoster, Paris, made a good display in this class. Ayshire exhibitors were H. Morse of Buckfield and T. E. Westleigh of Bethel. E. L. Watson, Norway, showed several in the grades. Chester A. Flint, Norway, made a good showing with Brown Swisses. Herefords figured strong with large herd owned by H. P. Brown & Sons, J. H. Millett, F. W. Noyes, all of Norway; W. E. Kinney, Paris; C. R. Wilson, Bryant Pond; A. N. Daniels, Paris; N. S. Goodwin, Harrison; L. F. Everett, E. L. Watson and C. R. Wilson. Durhams were shown by H. E. Whitman, Buckfield; W. G. Fiske, North Waterford; F. L. Millett & Son, Norway; Curtis and Colby Thayer and F. N. Lovejoy all of Paris. Bert Melvin, South Paris, showed a Chester sow with ten pigs about eleven days old. E. Bert Curtis of Paris exhibited a Jersey sow with eight pigs and a Jersey boar. A. N. Taylor, Paris, also had a sow on exhibition. Pure Down sheep were in evidence. J. P. Bryant of Buckfield had a large flock with lambs and a buck. L. J. Trask of West Paris showed a flock of twelve sheep and twelve lambs. Dr. W. L. Hasty, Norway, has moved to the Dr. Barker house, next door. Adv.

Moore's Won't Leak

Price \$2.50 and up

The principle which makes this pen non-leakable is the method of sealing the reservoir by a hard rubber cone. By the employment of a screw-thread at the mouth of the barrel which engages another thread in the cap the pen is made bottle-tight. It can be carried in any pocket, hand-bag or traveling case without danger of leaking. When you put the stopper in a bottle and a cap to hold it in place, you know it cannot leak. This result expected by theory is proven in practice. The Moore Non-Leakable Pen cannot leak for it is
